In 1842, a local innkeeper named Angelina Eberly stood up to President Sam Houston and his Texas Rangers by firing a cannon to stave off a rebellion and preserve Austin as the capital of Texas. Even though Austin was in its infancy, she knew it was worth fighting for.

Eberly was founded by a group of Austinites, not only as a tribute to the courage and free spirit of our namesake, but also as a reminder that Austin is still worth fighting for. As more people, buildings, and ideas populate this city, the battle to preserve Austin's soul rages on.

Eberly is full of depth and intrigue and warrants exploration from early morning to late at night. We invite you to continue the spirited legacy of our torchbearer Angelina and raise a glass to the adventurers and artists who came before us and those yet to come.
